Governor Baldacci,

Please don't cut \$38 million from the programs that serve our children and the most needy. **I urge you to find another way.**

Work with our congressional delegation to change our national priorities away from war and tax breaks for the wealthy to meeting human needs.

1. Maine taxpayers will pay \$370.4 million in federal tax dollars for the costs of the Iraq War in FY 2007. According to the National Priorities Project this money could have been spent to provide 97,211 people with health care.
2. Maine residents will lose another \$365.8 million in federal tax cuts to the wealthiest 1%.

Please explore these and other ways.
